Hi Sharon,

I work with Meg Sheehan on researching Pilgrim Nuclear Power Station. Thanks for providing the NPDES DMRs over the course of last year. We can't seem to locate the following DMRs from 2013 and I'm not sure they were ever sent over: Mar., April, May, Aug., Oct. and Dec.

Could you send me a copy of the discharge monitoring report from those months? I'm not sure if December is available yet.

Thanks so much and feel free to give me a call with any questions at 304-261-1282.

All the best,

Genevieve Byrne
